Abstract (Document Summary)

[Joseph K. Chemplavil], a native of India who became a U.S. citizen in 1980, said he was willing to take only the CHAMPUS portion as payment, as a gesture of support for the Desert Storm troops.

CHAMPUS officials would view any such plan of Chemplavil's as if the doctor had lowered his fee, [Huston Worthey] said.

Chemplavil said CHAMPUS has not formally challenged his plan, ...

We also have to accept the truth that all human beings - whether it be Plato, Darwin, Newton, Galileo or Einstein - are bound by their perceptual limitations.

It would be correct to say the space shuttle is a more advanced method of transportation than was Plato's chariot. However, it would be absurd to think that astronauts are more intellectually advanced than Plato or Socrates.

Abstract (Document Summary)

With the newly emerging knowledge in pharmacogenomics and proteomics, the whole concept of disease susceptibility and also response to different classes of drugs in diseases has to change. This probably would explain the varying or at times even the contradictory or confusing outcome results in many recent clinical studies regarding COX-2 medications (i.e. Vioxx, Celebrex and others in their class), NSAIDs (non-steroidal anti-inflammatory drugs), estrogen ...
